

Cheadle Hulme School

## **ACCESSIBILITY PLAN**

**This Plan is applicable to all pupils in the School including those in an EYFS setting. This document should be read in conjunction with the School's Disability Procedure.**

**Please follow this link for the relevant policy on the School's intranet:  
Equality & Diversity Policy**

3-year period covered by the plan: June 2016 – June 2019

This plan refers to "disabled pupils" but this definition is intended to encompass the very broad range of circumstances which, in the absence of appropriate measures, might limit a pupil's ability to access every aspect of Cheadle Hulme School life. Although the School has specific legal obligations in relation to its accessibility, it strives to be inclusive and open its educational and wider opportunities to pupils, prospective pupils and their families irrespective of any disabilities they may have.

The School will endeavour to make reasonable adjustments to ensure that disabled pupils are not treated unfavourably; particularly in relation to access to the curriculum, the physical environment and in the delivery of information.

Although some staff will have specific responsibilities for supporting disabled pupils, all staff will be provided with support and training to raise their awareness of how they can contribute to the School meeting its obligations and objectives in relation to those pupils.

### **INTRODUCTION**

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

- not to treat disabled pupils less favourably for any reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled pupils

This plan sets out the proposals to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the School curriculum;
- improving the environment of the School to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of information, this is provided in writing for pupils who are not disabled.

It is a requirement that the School's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Below is a set of action plans showing how the School will address the areas requiring action.
