

Cheadle Hulme School

## CLASS SIZE POLICY

**Please also refer to Equality & Diversity Policy**

**This Policy is applicable to all pupils in the School  
including those in an EYFS setting**

The School will have regard to any relevant statutory requirements relating to class sizes and will always ensure that it meets the necessary staff:pupil ratios.

The maximum number allowed in each class/tutor group will be reviewed regularly to ensure that teaching and learning can be effective. The size of the group will vary according to the age and stage of the pupils and the numbers studying a particular subject.

Most lessons will be taught in class/tutor groups however subjects such as Physical Education and Games will be taught as a whole year group subdivided appropriately for the purpose of different activities and supervision.

Some of the more practical subjects will be taught on a "carousel" basis, with varying group sizes, to provide pupils with the opportunity to experience different subjects for part of the year.

In some subjects, such as Mathematics, the size of the teaching group will be determined according to pupils' abilities.

In determining the size of any teaching group, the School will balance the need to provide a dynamic learning environment where pupils can work and interact with their peers with one which enables each of them to meet their own learning objectives at an appropriate pace.
