Cheadle Hulme School

Why CHS?

Cheadle Hulme School has built a reputation as one of the region's most modern, relevant and dynamic schools, with 1,600 students aged 3-18. But CHS is more than just a school; it is a thriving, co-educational community, with a strong sense of our history and values.

We believe a successful **educational experience** involves more than pupil and teacher; it involves a broad network of people who each contribute to the development, growth and experience of the individual.

As such, our staff are our greatest asset, and the key to our success. We want to attract and retain the best, provide them with encouragement, stimulus and ensure that they feel valued as an integral part of the school community.

Our Values

Through an active, academic and altruistic curriculum, our pupils are provided with opportunities to help them make the very best of their journey at CHS.

At the centre of their **CHS experience** lies a set of core values instilled in all members of our CHS community:

- Integrity
- Endeavour
- Resilience
- Compassion
- Contribution

Our campus and location

Located ten miles south of Manchester, Cheadle Hulme School is set in 83 acres of countryside with fine historical Victorian buildings.

Take a drone tour of our beautiful campus, or have a look inside the buildings on our virtual tour with former student Oscar, [here](#).

Manchester has a history of and commitment to ambition, creativity and a thriving knowledge economy. In 2016 Manchester was named by The Economist Intelligence Unit as among the world's 50 most liveable cities ahead of London, New York and Rome. Public and private sector investment has transformed the area and will continue to open new economic and leisure activity opportunities. There are excellent transport links including Manchester Airport and frequent trains to London, only two hours by rail. The Peak District, North Wales and Lake District are easily accessible, as are an array of cultural and sporting activities.

- THE - GREEN PLAN

As a school, we have a central role to play in educating our entire community about the importance of environmental sustainability. In an ever changing world, we are committed to minimising the impact of school life on our environment, and supporting the global efforts to save our planet.

Through our 'Green Plan' we aim to educate and empower our community to make positive changes, and our aspiration is to be **Carbon NetZero by 2030**.

To ensure we achieve this, by September 2022 we have committed to:

- Replacing all lighting with the latest generation LEDs.
- Focussing on food waste and litter through a targeted campaign around Reducing waste, Removing litter and Recycling as much as we can.
- Beginning the creation of a physical 'Green Path' and Forest School for Junior School pupils. This Green Path represents the start of a longer journey, with immediate benefits for wellbeing, mindfulness and education.
- Wildflower planting, rewilding areas, and planting 60-80 new sapling trees on our estate.
- Working with our contractors to understand and measure their environmental impact as they deliver the support we require.
- Establishing a School-wide Eco Committee which has input from staff and students.
